SUBJECT: ANTI-RACKETEERING MATTERS
INSPECTION - MILWAUKEE DIVISION

DATE; 4/22/66

During the inspection of the Milwaukee Division in March-April, 1966, the inspectors noted that this division was maintaining 27 AR pending inactive cases in assigned status. The inspectors suggested that there was no particular purpose served in keeping these cases in an assigned status while pending inactive unless specific reasons existed for doing so.

This Division is of the opinion that at least some of these cases warrant retaining in an assigned status. It is felt that the Agents to whom these cases are assigned will have a greater continuing interest in them if they are assigned even though they are in an active status only for six months reporting or for some other reason the cases are made active.

Those retained in an assigned status are because of the position of the Subjects in the LCN or other hoodlum activity, or the obtaining of photos.
